## We are there for you.

Your business depends on the performance of your fleet. That is why TEMSA's International Customer Services team is committed to serving the necessities of your vehicles. In other words, our main goal is to keep your business moving.

Throughout the lifetime of your vehicles, we ensure minimum downtime and provide maximum response. Wherever you may be and whenever you may need us, you can count on us to serve you as quickly and as efficiently as possible.

**Total Quality Management**  
TEMSA's Total Quality Management philosophy is embedded in the manufacturing process. Before delivery, all of our buses and coaches must pass rigorous quality tests. Our dedicated Pre-Delivery Inspection (PDI) team ensures our products comply with the TEMSA design rules and adhere to the highest engineering specifications in the field.

**Training**  
Your drivers are the heart of your business. To assist them in operating their vehicles more efficiently and safely, we provide driver training. To ensure you can receive advanced professional repair and maintenance services, we provide continuous training for service mechanics. In addition, the TEMSA Academy is available online.

**Just a phone call away**  
To maximise your vehicle's uptime, our European Road Assistance Service can be reached by phone 24 hours a day, all year long. Qualified personnel are on standby to quickly and efficiently respond to your needs, no matter where you are.

 **ROAD ASSISTANCE SERVICE**  
**+31 546 543 295** Europe

**Genuine spare parts**  
Downtime is costly. When you need spare parts, you need them fast. To limit your downtime to the absolute minimum, we have set up 3 TEMSA spare parts distribution centres in the EMEA region – in Austria, Germany and Turkey – where we can deliver the right parts at the right price and right time.

**Authorised Service Centres**  
To assist you with diligence and professionalism every step of the way, you can rely on our Authorised Service Centres, which can be recognised by the logo on the right. They are audited regularly to ensure they adhere to our standards of quality. Their mechanics provide qualified repair and maintenance services and undergo continuous training to keep up with the latest technological developments and innovations in the field.

**Online solutions**  
We offer an increasing number of free online solutions to ensure you get fast and efficient support all over the world.
